

Pupil risk assessment

Risk is a possibility of something bad happening.

At school we need to take actions to limit or stop the risks so that everyone is safe.

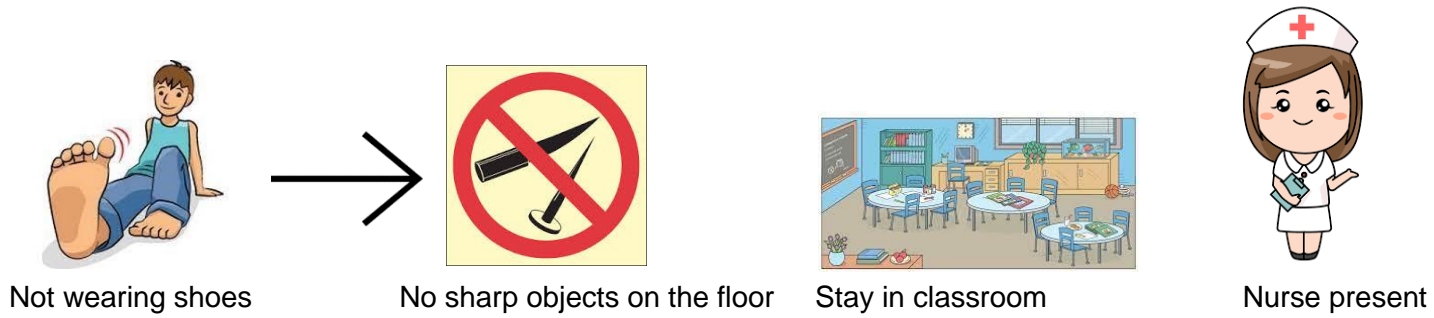

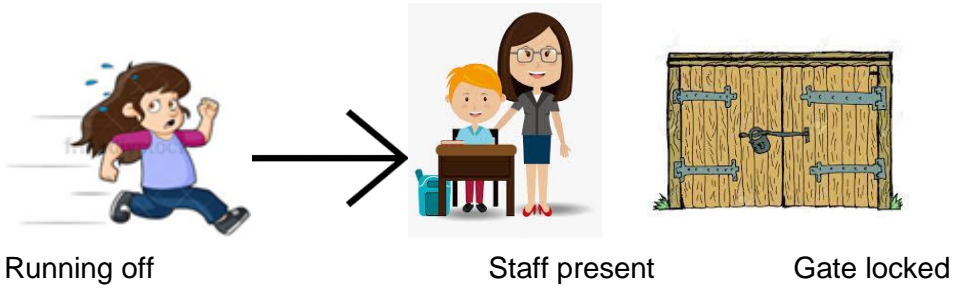

That is why we conduct risk assessments.

A risk assessment is a document that helps us understand possible dangers and keep us safe at school.

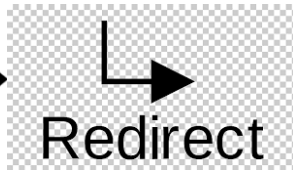

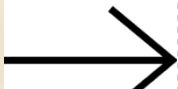

Your risks and what the school does to keep you happy and safe:

Self-injury

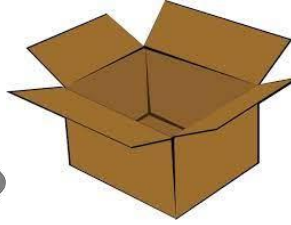

Redirection

Change

Teddy

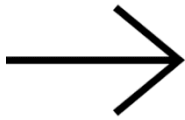

Safe space

Staff present

Chewing on items

Chew toy

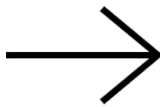

Staff present

Nurse present

Danger

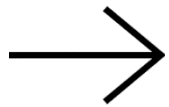

Staff present
