

Hope House School

Transforming the lives of children living on the Autistic Spectrum

Dear Parent

The Charity Commission investigation into the school's past has now been completed, and the report has been published. The end of the investigation and the publication of the report now allows the school to continue to move forward and embark on a positive future under its new leadership team, including trustees and me as interim headteacher. Along with all the school staff we are committed to ensuring the very best environment, resources, and outcomes for all of our fantastic pupils.

We have already started to make a positive impact. Later this month, we will be relaunching the school's website to celebrate our pupil's achievements and to update you on the new projects we are working on. These include improving the mental health and wellbeing of our pupils through integrated therapeutic programme approved by Lincolnshire Educational Psychology Service, and our investment in a Forest School to enhance pupils learning environments and experiences.

We would like to take this opportunity to thank you for your continued support as we make Hope House School the very best it can be.

If you have any questions at all do please get in touch.

Kind regards

J Kiernan
